PLATFORM, INSTALLATION AND IN-SERVICE SUPPORT (PII) ORGANIZATION

Platform Installation and In-Service Support (PII) Overview

PII Portfolio Overview

The PII portfolio provides C4I installation management and execution for new construction and modernization platforms, in-service support (e.g. ISEA), depot operations, and direct fleet and shore support to deployed systems. The PII portfolio encompasses support to systems that have reached a full rate production decision and/or have moved into sustainment and focuses on large scale systems of systems integration efforts and delivers superior C4I Capabilities for Surface and Sub-Surface Platforms, Shore Sites and Foreign Military Sales cases
