## **Space and Naval Warfare Systems Command Awards Contract**

SAN DIEGO – Systems Engineering Support Co., San Diego, Calif. is being awarded an \$18,626,453 indefinite delivery, indefinite quantity contract (N00039-14-D-0003) for production of Navigation Sensor System Interface (NAVSSI) hardware. NAVSSI collects, processes, integrates and formats distribution positioning, navigation and timing data for weapon systems, combat support systems, command, control, communications, computers, intelligence, surveillance, and reconnaissance systems and other information systems users.

Funds in the amount of \$498,126 will be placed on contract and obligated at the time of award

Work will be performed in San Diego and is expected to be completed by December 2019.

Contract funds will not expire at the end of the current fiscal year.

This contract was competitively procured with four offers received via the Commerce Business Daily's Federal Business Opportunities website and the SPAWAR e-Commerce Central website.

Systems Engineering Support Co. is a small business.

The Space and Naval Warfare Systems Command, San Diego, is the contracting activity (N00039-14-D-0003).
